Paper and Forest Product Logistics

- Over 40 years experience in the handling and transportation of paper and forest products
- Tailor-made highly customer-oriented logistics for the forest industry
- Approx. one million tons of paper, timber and pulp products via Baltic ports to Central Europe per year
- Delivery by road, rail or combined transport to all over Europe
- Preferred logistic provider of notable forest product companies
- Support through sophisticated EDI solutions

Intermodal Services

- Own shuttle trains to the main industrial areas of Europe
- One-stop service including shipping and gateway trains
- Attractive lead times
- Increased transport capacity (up to 35 t gross per unit)
- No road transport toll
- Avoidance of weekend driving ban
- Reduced kilometre costs per ton
- Approx. 70 % CO₂ reduction / unit
- High service level and communication standard

General Forwarding

- International Road Forwarding (FTL & LTL)
- Multimodal Door/Door Solutions
- Project & Heavy Cargo
- Rail Forwarding and Rail Port
- Short Sea Finland/Scandinavia/Baltic States
- Sea Freight Worldwide
- Warehousing and Value Added Services
- Customs Clearance (AEO)
